FOI Complaints

Dear Mr. Lyons and Board Members,

I am notifying you and the board that I have received three FOI complaints filed against me as an elected official from Nancy Chapman, Pete Torrano, and Michael Byrnes while sitting as a board of education member on the Norwalk Public Schools Board of Education.

I spoke to Patrice McCarthy, Deputy Director and General Counsel of CAFE, who informed me that I am entitled to indemnification from the Norwalk Board of Education.

As an elected board of education member I am entitled to indemnification by the Norwalk Board of Education under Conn Statute Sec. 10-235.

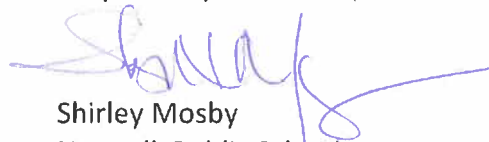

I have to seek legal representation to defend the FOI complaints that have been brought against me as a sitting board member.

Since there will be a conflict of interest with obtaining defense from our current inside legal counsels, I will be seeking outside counsel to handle these three complaints.

Please let me know how to proceed with the process of having the legal fees and costs that will be associated with defense of these three complaints covered by the Board of Education, in accordance to Sec. 10-235.

I look forward to hearing from you soon.

Respectfully submitted,

Shirley Mosby
